<b>Application</b>	Food production, Industrial premises, Warehouses, Sport facilities.
<b>Description</b>	VEKA INT EKO is a range of high-quality air supply units for premises with no need for recuperation. VEKA INT EKO units exceed ErP 2016 requirements and, together with other cost-saving solutions, provide the highest savings in their class. VEKA INT EKO units are light and can be mounted in all positions in the narrowest places. Units are suitable for various climate zones: each model has several electrical heater options and 1000+ models have water heater options. Air dampers are integrated to automatically shut down the air supply to the premises.
